TOUCHSUITE FIREFLY SALON FEATURES

TouchSuite Firefly, the latest in point of sale technology, is as intuitive and fast as a lightweight mobile application, but operates on powerful hardware and software. The state-of-the-art POS runs on an Android™ operating system, delivering speedy and reliable performance in a secured application. Built on an innovative unified platform, Firefly packs exceptional performance and ultra-fast memory into a sturdy, progressively designed enclosure. Its sleek touchscreen 14" LCD Panel is only 10.4" tall and tilts at 0°-110° angles, allowing your system to fit in any space. TouchSuite Firefly includes an integrated credit card reader, built-in speakers and enough ports to handle USB and serial-based peripherals. It can be enhanced with optional components and accessories, including a barcode scanner, receipt printer, cash drawer, and customer price display*.

AN AFFORDABLE POS SOLUTION THAT HELPS YOU RUN AND GROW YOUR SALON.

Firefly is loaded with robust features to support your business, including online booking, appointment setting, reporting and much more. Additionally, we offer a wide range of pricing options that are guaranteed to fit any size salon business.
